

ENVIRONMENTAL SUSTAINABILITY POLICY

Task National is committed to reducing the impact of its activities on the environment and assisting our customers by encouraging them to use sustainable resources.

Task National is committed to developing, implementing, and maintaining an Intergraded Management System (IMS) that complies with the requirements of international standard ISO 14001.

To meet this commitment, Task National will pursue the following:

- Fulfil all compliance obligations with all applicable State Environmental Legislation and Regulations and client’s requirements.
- Set environmental and review objectives and targets to ensure continual improvement.
- Measure, monitor and report on environmental management initiatives.
- Incorporate environmental better practice into our core business plans and management processes.
- Undertake responsible resource management practices that aim to prevent pollution and reduce waste
- Ensure we work closely with our clients, suppliers, and other stakeholders to continually improve our business processes which affect the environment.
- Assist in the investigation of environmental incidents in which it is involved on operational sites/office.
- Release any environmental information to interested parties including the public that may be required.

The necessary personnel and financial resources will be allocated to assist the Organisation in meeting its environmental objectives and targets that will be periodically reviewed as appropriate. In addition, Task National will continue to raise the levels of environmental awareness throughout its workforce and to promote this awareness to its customers and suppliers.
